

My First Media Adventure

Navigating the Children's Media Landscape

Workshop Summary

Join us Friday, June 3rd from 9:45 am to 12:00 pm at the Beaman Memorial Public Library in West Boylston with Jenn Ladner from Screen Savvy Kids. The morning begins with a presentation for parents on research trends and recent changes in the children's media landscape.

For the second half of the session, preschoolers (ages 3 – 6) and their caregivers will come together for a hands-on media adventure! During the workshop, children will:

- Take and print digital photos
- Record an audiobook (child takes home book & CD)
- Use tablets and computers to tell stories
- Explore a media literacy library

This workshop is an opportunity for caregivers and parents with young children to explore tools and gain tips for raising screen savvy kids right from the start.

Screen Savvy Kids supports the development of kids' media literacy skills through hands-on workshops, parent presentations and teacher trainings. Our mission is to maximize the benefits and minimizing the harm from children's media use.
